Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

NO NEW TAXES without a REDUCTION in SPENDING.

When will the tax hikes stop!?

The answer is when spending is under control. If our spending didn't increase, you would never have to raise taxes - you would just work within a budget like the rest of us CT citizens. Why is it fair for us citizens to have to make cutbacks, while the state government simply takes more to compensate for poor financial disciple.

If all our deficit problems are solved by raising taxes, then why not raise taxes by 10x and have a surplus?? Surely, by that logic the more we raise taxes the better off the state is...

Please, I am implore you to re-think this strategy! Think of your citizens
