Subject: Enough!!

The hard working tax payers of CT have had enough. People are leaving this State in droves. The Governor will soon realize he is killing the Goose that lays the Golden Egg. The takers are outnumbering the makers. Who will he tax when everyone is gone? How about reforming the waste that is rampant in Government programs? How about helping people get back to work as opposed to pushing total dependance on the tax payer. The Government has no money-it is the people's money and we are saying no more!!
