

During the week of
October 13th through the 20th

OpSail CT will celebrate

Military Appreciation Week.

Honored will be all area active, reserve and veteran military personnel. As a way of expressing our appreciation for the military's contribution to the community local business will be offering discounts or special offers at their establishments. Participating businesses will be listed in The Day paper, advertising their offerings, prior to the event and each will display a sign at their location signifying their participation.

We ask that you inform your command of the celebration and encourage them to take advantage of the offers from New London businesses that they richly deserve.

A valid ID will be required.
