Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Please , NO NEW TAXES. The tax payers in this state need relief not to be squeezed for more money. Look at rolling back food stamps , wic and ebt and other such programs as there is blatant abuse of these programs. How do these people get these tax payer funded programs yet have rolls of money in there pockets, and drive high end vehicles, Some also brag that they have time shares in other states. Some also collect child support from the state and actually live with the father of their children. Yet the state does not collect any money from these parents Investigate this waste and fraud this should save many millions of dollars if not more and lower my tax burden. Thank you
