Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Every tax increase fuels the unending, misplaced, and irresponsible spending by our government. Governmental growth and intrusion has tipped the scales from a government existing to its benefit people to one that exists to be served by its people. My family lives within a budget, so can the state of Connecticut. Because of continued poor planning and budgeting, many of our neighbors have picked up and left the state and those who are left are desperately looking to emulate them.
