Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

My husband and I are retired. We have a limited income and utilities and taxes eat up a lot of our budget. We are also taking a lot of medications and some have high copays. If you raise taxes we will be forced out of our home. There is a real concern that for the past several years there has been a budget deficit. I suspect there is some corruption occurring. There is a serious epidemic of heroin use in Connecticut and our state has the greatest access to drugs than any other state in the country. In addition the rate of deaths due to heroin overdoses have increased 210% In New Haven the education dept is facing a budget crisis. What is happening to the money? No more taxes! Nancy
