Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Taxes are out of control because you have let them get that way. Stop unions and their threats of strike, stay within the budget you have passed. The well is drying up so begin to cutback on the many laws which have been enacted over the years which don't help people but continue to the above mentioned people more and more, especially when they don't need it. I say "don't need it" because taxpayers don't have these benefits and neither should those representing us. As a veteran standing to fight for the rights of our country I receive "didly" and as legislatures you should receive the same. I put my life on the line for those who went before me and I expect the same from you, wether you wear the uniform or not! We can't continue to sustain the irresponsibility from Hartford,
