Education Committee  
Room 3100  
Legislative Office Building

Dear Committee Leadership,

Because individual members may only propose bills of a financial nature this year, we would ask that the Education Committee raise a bill that would acknowledge that parents are interested in participating in classroom activities by amending the general statutes to study the feasibility of allowing parents to visit their child's classroom, either virtually or in person. I understand that this is a complex issue and the logistics and privacy concerns need to be thoroughly considered so I would like the appropriate experts to study this issue and report back to the committee.

Thank you for your consideration of this request.

Sincerely,

Rob Sampson
