

Senate Republican Priorities

Education:

Continues the full phase-in of local education funding by 2028

Special Education:

Fully-funds aid to cities and towns for special education excess costs

Healthcare:

Creates an affordable healthcare program that will reduce premiums by up to 30%

Energy:

Moves public policy charges off of our energy bills and onto the state budget for increased transparency and accountability

Non-profits:

Invests an additional \$100 million in Connecticut's non-profit health & human services providers
